

WYOMING DEPARTMENT OF TRANSPORTATION
Form E-18
Supplier's Quote for Adjustment

A. Originated by:

Contractor

B. Guidelines:

When a price adjustment is warranted in accordance with Subsection 109.3, *Compensation for Altered Quantities, Standard Specifications for Road and Bridge Construction*, the engineer will supply the contractor with Form E-18, Supplier's Quote for Adjustment, to verify current market price of materials for the increased quantities.

The contractor will send copies of the form to three suppliers, collect completed forms, and submit forms to the engineer. Incomplete forms will not be accepted by the engineer.

C. Distribution:

Original will be placed the project file.

D. Form:

Form E-18 will be computer generated. Format will be as shown.
