Continued from front page

WYDOT and contractors have a COVID-19 safety meeting to establish protocols.

Additionally, employees and crews will be asked to clean and sanitize their equipment, stay home if they're sick, use virtual meetings, keep groups to 10 people or less, use outdoor spaces for meetings, only allow necessary employees in work trailers and laboratories if used, minimize the direct

hand to hand exchange of contract documents, and stagger breaks.

WYDOT has addressed additional contract issues relating to completion dates if delays due to a coronavirus situation arise. Project engineers and contractors will document any delays or work stoppages. That documentation will be used in determining any time extensions on projects.

WYOMING RoadWork GUIDE

Provided monthly during construction season
by the Wyoming Department of Transportation

Vol. 20, No. 3

July 2020

WYDOT, AGC of Wyoming partner on construction coronavirus safety guidelines

Two state entities are working together to ensure construction crews implement additional safety measures during this construction season.

The Wyoming Department of Transportation (WYDOT) and the Associated General Contractors (AGC) of Wyoming created several safety rules to help keep everyone safe during the coronavirus.

"We needed to look at ways to create additional safeguards to keep everyone safe during our construction season," said WYDOT Director K. Luke Reiner. "We have a short construction season and highway construction is essential. These additional guidelines can help prevent our employees and contractors from getting or spreading the coronavirus."

Officials developed and suggested construction protocols that address staff safety, public safety and contract requirements.

"Our partnership goal is to take great care of our employees and contractors while we accomplish

our mission of providing a safe and effective transportation system in a coronavirus environment," Reiner said. "We are confident that these measures will ensure we have a successful construction season so the people of Wyoming will continue to receive a high-quality transportation product."

The measures also keep general contractors safe so they can continue to operate and ensure needed state projects get completed.

"During these challenging times there is no margin for error when it comes to protecting the safety and

health of every construction worker and the traveling public from the spread of coronavirus. Contractors and WYDOT are working hand in hand to ensure everyone understands, and follows, all relevant safety guidelines provided by public health and safety officials," said Katie Legerski, AGC of Wyoming executive director.

For safety measures, officials are urging workers continue to maintain 6 feet of social distancing while working on projects. They are suggesting that

B5 I-80 east of Lyman. Grading, milling, resurfacing and bridge rehab between MM 49-57. October 2021 completion.

B6 WYO 238 Auburn to Afton: MM 0-12. Grading, draining, placing crushed base and pavement surfacing, reclamation, chip seal, bridge replacements on 12.10 miles. July completion.

B7 Evanston Streets: Grading, paving, reclamation, wearing course, sidewalk, curb/gutter, electrical work on 0.50 miles on WYO 89 (Harrison Street) at MM 4.32 in Evanston. November completion.

B8 US 26/89/189/191 Jackson South. Milling, paving, wearing course work on 3.10 miles beginning at MM 148.70.

Legend

I **Interstate highway work zones:** Generally, there are no delays or detours. Travel may be narrowed to one lane (on pavement) each way and involve a reduced speed limit.

P **Two-lane road projects:** Motorists may be required to stop and wait to follow pilot cars. Usually, any delays are limited to 20 minutes or less and travel is on pavement.

R **Two-lane road projects:** At times, motorists may have to drive on gravel or another temporary surface, typically for two miles or less. Delays are limited, there are no detours unless specifically noted but there may be a pilot car.

D **District-wide projects:** Various locations, may involve reduced speeds.

Not every project is listed

Due to the unpredictable nature of the construction process, not all projects are active all the time. In addition, some short-term projects and smaller projects which disrupt traffic to a lesser degree are not listed. Completion dates are approximate.

Commercial vehicle operators: In work zones, size and weight restrictions may apply. Ask for details at any Wyoming port of entry or call (307) 777-4376. Current restrictions are also available on the Internet at www.wyoroad.info/highway/restrictions.html.

Check the construction report online at:
www.wyoroad.info: Construction - Statewide

Central & Northeast Wyoming - C

C1 Work on WYO 59/I-25 junction to MM 8.75. October 2021 completion.

C2 US 20 work from Lusk to Van Tassell between MM 41.74-63.23. July 2021 completion.

C3 US 18/20 near Orin Junction: Grading, milling plant mix, new pavement, bridge rehab between MM 0.0-6.2. Single-lane traffic at MM 2.98 with traffic signals. June 2021 completion.

C4 North Garner Lake Road realignment.

C5 WYO 59 North-Whitetail Bridge replacement MM 155.

C6 US 14/16 MM 96 Rawhide Creek Bridge replacement.

C7 US 14/16 MM 88 Wildcat Creek Bridge replacement.

C8 WYO 50/Lakeway South. Lane closures, head-to-head traffic, flagging operations and heavy truck traffic. Alternate routes encouraged.

C9 WYO 59 South-Wright MM 77-85. Road widening.

C10 US 16 pavement rehab on 11 miles of highway from MM 52-63. Start June 15.

C11 I-90 MM 205 Buelah exit. Both directions. Overpass bridge deck repair. 14-foot width restriction, single lane, reduced speeds. August completion.

Southeast Wyoming - D

D1 I-25: Bridge rehab at MM 41.84. Oversize loads detour from exit 39 via I-25 service road to exit 47. July 2021 completion.

D2 I-25: Bridge rehab on I-25 at MM 33. June completion.

D3 WYO 789 south of Creston Junction. Chip seal (MM 20-30). Fall completion.

D4 US 85 north of Cheyenne: Resurfacing, pipe and culvert replacement from MM 35-47. Mid-July completion.

D5 WYO 91 near Huntley: Overlay (MM 8-13). October completion.

D6 WYO 154 (Veteran Road) near Veteran: Reclamation and overlay (MM 7-14.)

D7 I-80 between Elk Mountain and Laramie: Pavement resurfacing and bridge work July completion.

D8 I-80 in Rawlins: chip seal (MM 210-216). Fall completion.

D9 I-80 west of Laramie: Resurfacing and bridge work (MM 291-300). July completion.

D10 WYO 215 at MM 0.9 and 1.7. Bridge replacements. Fall completion.

D11 I-80 Telephone Canyon/Summit rest area: bridge rehab, paving. Lane closures. Fall completion.

D12 I-25 bridge rehab near Missile Drive. Lane closures. Fall completion.

D13 I-25 slab repairs MM 11-16. Road work, median work. October completion.

D14 I-25/WYO 210: Bridge rehab (MM 13.8-4.75). October completion.

D15 I-180 in Cheyenne (Central and Warren Ave. bridges) bridge rehabilitation. Fall completion.

D16 I-80 between Pine Bluffs and Cheyenne. Bridge replacement (MM 372-382). October 2021 completion.

D17 Ft Steele Rest Area (I-80 MM 230). Closed for Winter Freight Project construction.

D18 Wagonhound Rest Area (I-80 MM 267). Facilities/parking closed July 6-20 for water system installation.

D19 Meriden Rest Area (US 85 MM 53). Facilities/parking closed until August for water well repairs.
