New IRP Account Checklist

Same day service is not guaranteed. We must have an original application to proceed. We encourage you to mail the application and all supporting forms to our office. Mailing the paperwork gives us the opportunity to review it for completeness and accuracy, and to request additional information if needed. If you are missing a required document, we cannot issue the plates / cab cards / registration stickers.

To expedite the processing of your new IRP account to receive apportioned plates, please provide the following support documentation. Any incomplete or missing documentation will prevent us from registering your vehicles. You must also submit an IRP application and an A/C form for the units you are registering.

Proof of Valid EIN (SSN not allowed). Please provide a copy of the letter or email from the IRS, which contains your assigned EIN. Please note that a sole proprietor must also have an EIN, a free process that takes minutes to create at: https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-

AGREEMENT TO PREPARE AND MAINTAIN RECORDS IN ACCORDANCE WITH THE INTERNATIONAL REGISTRATION PLAN AND THE INTERNATIONAL FUEL TAX AGREEMENT

DISTANCE RECORDS (IFTA and IRP): You <u>must</u> maintain original **driver-prepared** Individual **Vehicle Distance Record (IVDR)** on each vehicle for each trip and recap on monthly and quarterly fleet summaries. Driver prepared source documents **must** include the following:

- 1. Date of trip (starting and ending)
- 2. Trip origin and destination
- 3. Route of travel (highway numbers)
- Beginning and ending odometer/hubometer readings of the trip
- 5. Total trip distance
- 6. Distance traveled in each Jurisdiction
- 7. Unit number or vehicle identification
- 8. Vehicle fleet number (for carriers with multiple fleets)

Note: Licensees using on-board recording devices or GPS for reporting purposes should refer to the IFTA and IRP manuals for requirements. Odometer readings **and** physical distance record copies are still required when using on-board recording devices.

Accountable distance includes interjurisdictional and intrajurisdictional distance, loaded and empty distance, deadhead and/or bobtail distance, off-highway distance, and trip permit distance. All distance accumulated by the power units apportioned in the fleet within the preceding year (July 1 through June 30 proceeding the registration year) must be reported as actual on the IRP application.

Interjurisdictional Travel: Apportioned registration is intended for commercial vehicles traveling in two or more member jurisdictions. Vehicles traveling only in one jurisdiction are not eligible for apportionment and are subject to full registration fees.

FUEL RECORDS (IFTA Only): You <u>must</u> maintain original fuel source documents for each fuel type for each vehicle. This information should flow into monthly and quarterly fleet summaries. Over-the-road fuel purchases and bulk fuel purchases are to be accounted for separately:

Over-the-Road Fuel Purchases <u>must</u> be supported by a receipt, invoice, credit card receipt, or an automated vendor-generated invoice or transaction listing for *tax-paid* credit. An *acceptable* fuel receipt or invoice <u>must</u> include:

- 1. Date of purchase
- 2. Name and address of seller
- 3. Number of gallons/liters purchased

- 5. Price per gallon/liter
- 6. Unit number or vehicle identification
- 7. Licensee's name

Bulk Storage Fuel Purchases <u>must</u> be supported by delivery tickets and/or receipts. You must also have a reliable meter on your bulk tank. To receive tax paid credit the following information must be maintained:

- 2. Number of gallons/liters withdrawn
- 3. Type of fuel
- 4. Unit number or vehicle identification

- 4. Unit number or vehicle identification
- Purchase and inventory records showing tax paid on all bulk withdrawals
- Meter readings, inventory measurements, and monthly reconciliations

RECORD RETENTION: All records pertaining to IFTA must be kept for four years, including unused decals. IRP distance records must be retained to support the reported distance for the **current registration year and three previous registration years**. Failure to make records available or provide adequate records for audit may result in an assessment based on estimation in the amount of 20% of the Apportionable Fees paid by the Registrant for the registration of its Fleet in the Registration Year to which the records pertain including Apportionable Fees based on Estimated Distance for the first offense. In an instance where the Registrant has a second such offense, the assessment will be 50%. In an instance where the Registrant has a third offense, the assessment will be 100%.

DECLARATION: The undersigned has read this document, and agrees to prepare and maintain records and report information in accordance with the IRP and IFTA requirements. I understand failure to maintain complete records could result in disallowing all tax-paid fuel credit and reducing MPG to 4.00 for IFTA. WY IRP percent can be increased to 20%, 50% or up to 100% and privileges may be canceled if records are unacceptable.
