## Background

TD Dragon LLC is a 51% Women Owned business with a minority partner having 49% that is a disabled Army Veteran. TD Dragon LLC is also HUB Zone Certified, located in Campbell County with our office located in the Northeast corner of Wyoming. Our mission is to provide American Manufacturers with an opportunity to satisfy government needs as they occur. Two partners are the only employees. As a flat organization, we pride ourselves on personal hands-on fulfillment of government contracts. Together we have a combined thirty years' experience contracting with government entities. Our relationships with large companies allow an opportunity for government agencies to sole source with us and get the pricing one expects when seeking large corporation expertise in services and products.

## Mission Critical Power and Batteries

We have relationships with lithium and AGM manufacturers and have a niche to supply mission critical power via Uninterruptable Power Sources including Design Build, UPS Emergency Services, EV Charging with or without Microgrid offering Feasibility studies. TD Dragon LLC can supply large orders of commercial off the shelf American made or non-commercial products including solar battery storage units. 221114 -- Solar Electric Power Generation, 336320 Electric Control Chips 335910 -- Primary Battery Manufacturing, 811210 UPS Maintenance, Repair, Replacement, Installation., 335999 All Other Miscellaneous Electrical Equipment and Component Manufacturing, 237130 Power and communication Line and related structures construction, 238210 Electrical Contractors and other wiring installation contractors, 221122 Electric Power Distribution (microgrids), 541715 Research and Development in the physical, engineering and life sciences, 000000 (Streamlined Microgrid Solution that integrates wind, solar and existing generators, 81130 Commercial and industrial machinery and equipment (except automotive and electric) repair and maintenance.
